FOSTERING AN ENVIRONMENT WHERE A CHILD'S NATURAL DESIRE TO LEARN BLOOMS

BIKH – our name is synonymous with wholesome education, what we believe is education at all domains – social, emotional, physical and intellectual. We as a driving force play a huge role in motivating students to pursue their dreams, be persistent on their commitment, and work with determination towards an unrelenting pursuit of their goals.

The school experience at BIKH amalgamates a holistic blend of cultural, literary and extracurricular activities combined with a vast array of games and sports activities to provoke and ignite the individual spark that is so unique to each one of us. It has garnered a strong repertoire to become one of the best institutions over a foundation of shared beliefs, values and ethos.

Upholding the motto "NURTURING HAPPINESS". BIKH has successfully emerged to be the pioneer in this endeavour. In the highly competitive world, the school strives to inculcate the right values and learning practices to face global challenges.

In a nutshell, BIKH is all set to usher in a new era of education having distinguished itself in the field of education within a short span of time.

**We believe that Learning is a life-long journey.
There is no finish line in the race of quality.**

Our Mission

- To provide unparalleled academic excellence and wonderful future career prospects in a humane and caring pastoral environment, equipped with harmonious multicultural learning strategies.
- To empower students to gain an indigenous as well as global perspective on various aspects within the broad based curriculum to assess the critical, creative, and collaborative skills with the grit and fortitude to widen the global outlook.

OUR VISION

- To inspire innovation, ignite imagination, encourage interdisciplinary understanding, and augment learning on every level connecting ideas, cultures and educators from every corner of the world.
- To create an innovative atmosphere nurtured by the self-exploration to enquire, to experiment and to find the truth in the best spirit of comradeship and indomitable will.

"Curiosity is the wick in the candle of learning."

— William Arthur Ward

From the Chairman's Desk

Parmahamsa education society marches ahead with its dedicated commitment and devoted endeavors of providing sustainable quality education to the budding generation of this dynamic nation. We promise an even more innovative, versatile, technologically advanced and well planned curriculum to provide children with opportunities to learn and excel in academics as well as in a variety of interesting personal development activities.

As the Chairman of this blossoming institution, we are leaving no stone unturned in converting our dreams of churning out responsible citizens into a functional reality.

We at Parmahamsa education society understand the importance of qualified Professionals and Organizational efforts in entrusting these responsibilities to an efficient secretary, Mr. Rakesh Muniraju under whose stewardship the institution is taking firm launch-pads, for glorious flights of training the Mind, Body & Soul of every child.

We look forward to your continued support in our journey ahead in making our nation proud & glorious.

Rtn. Dr. D. Muniraju, DME
Founder Chairman, BIGI

From the Director's Desk

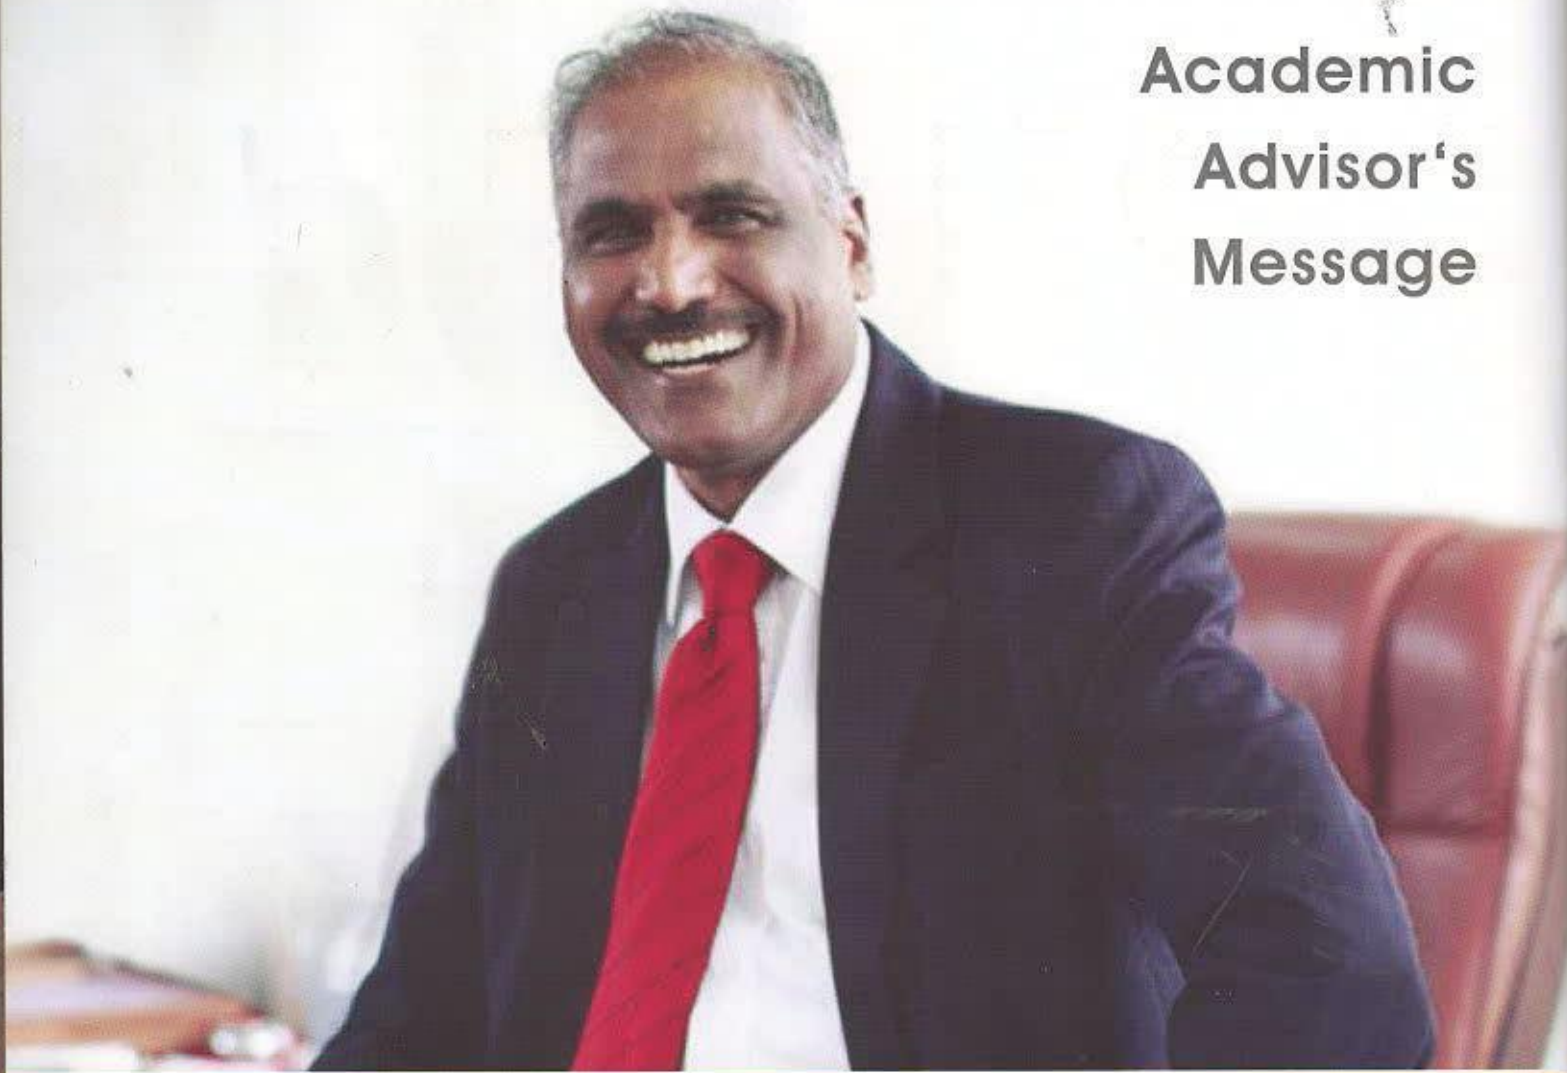

It gives us immense pleasure in welcoming you to BIKH, an exceptionally progressive school. The school is dedicated to provide quality education with great emphasis not only on traditional, but also ethical/moral values, social values and aesthetic values.

We believe that our country needs people who will be determined in the face of odds, who are willing to continuously learn, adapt and change, people who are curious, who can identify diversity and plurality as strengths. People who Dream Big, Think Differently, Stay Focused, Work Consistently, learn from past failures, have courage to correct their mistake and have decision-making ability to set and achieve goals and above all, social responsibility as a life-long process.

As the guiding force of this institution I believe that one must be simple and honest. I believe in the concept of 'Nurturing Happiness', where the institute is one big family, everyone is treated equal and is approachable whether it is the student, teacher or the secretary. A place where everyone understands the concept of being a team. A team when put on the line can achieve memorable results.

Rakesh Muniraju, MBA, (UK)
Director, BIKH, Secretary BIPS

Academic Advisor's Message

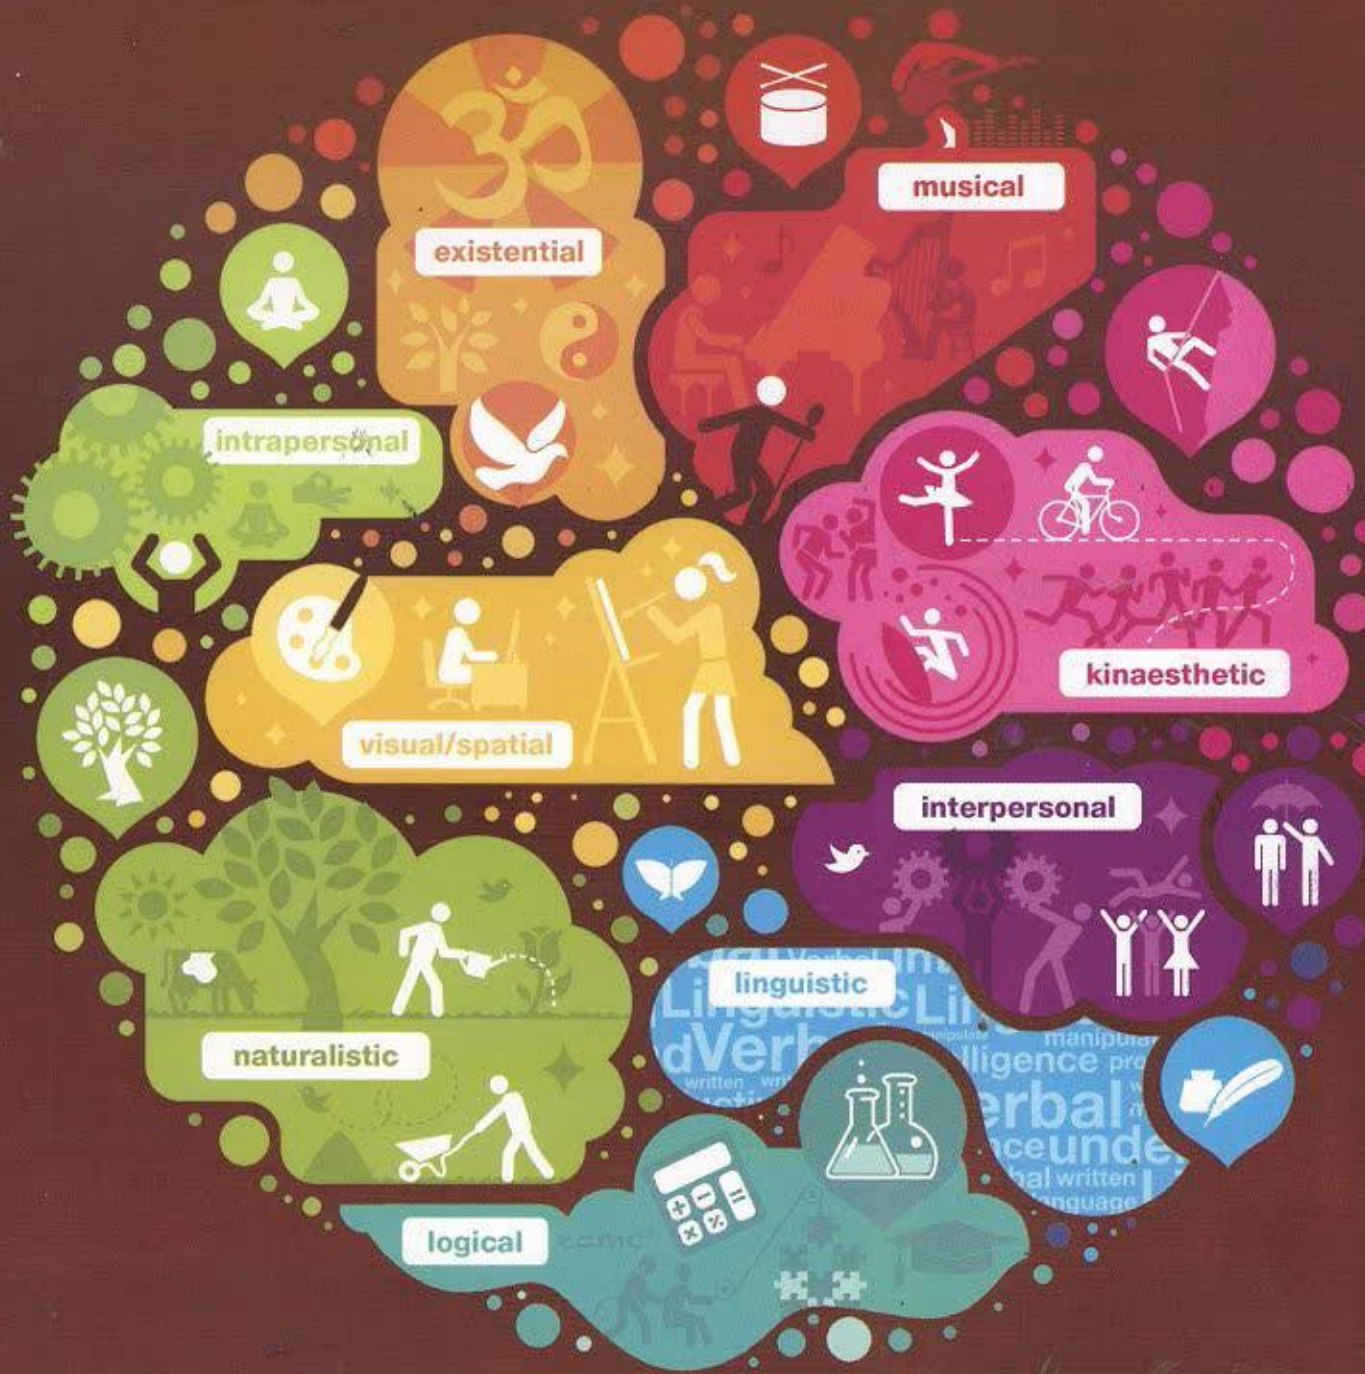

I am delighted to pen a few Words for the school and extremely happy to be part of this highly reputed and trusted school in this part of the city. The philosophy of the school tells it all. The school is playing a huge role in motivating students to pursue their dreams, be persistent on their commitment and work with determination towards an unrelenting pursuit of their goal. The school is striving hard to inculcate right values and learning abilities to face the global challenges. Today, the pandemic has turned our world upside down. It is an undaunted challenge for the teachers and the management to practice new normal. The online teaching has been a huge learning process for teachers. Creating power point presentations, learning to mark attendance in an excel sheet, uploading videos, screen sharing, everything has to be learnt at once. Technology wise, in some cases students are smarter than the teachers. Roles are reversed between students and teachers when it comes to technology.

It is a tight rope walk for the teachers to collaborate with this new approach for the first time ever at global level. Schools are never expected to go back to functioning the way they did in pre Covid days. Rtn. Dr. Muniraju , the chairman is very proactive and is geared up to take these challenges head on. Under his Inspiring leadership, and with the active cooperation of the principal and the staff Members, the school will impart technology oriented education to our students. I am very confident that the students who study in BIKH will benefit greatly with the new systems and do wonders for themselves in the changed scenario.

Warm wishes.

What Sets BIKH Apart ???

- EXPERIENTIAL LEARNING
- CHALLENGING CURRICULUM ENHANCED PROGRAM
- RICH CO - CURRICULUM ENRICHING PROGRAM
- STIMULATING AND INTERACTIVE ENVIRONMENT

BIKH is a culturally-rich mosaic, serving each student by providing a world-class international education, nurturing potential, developing life-long skills, and preparing students for an ever-changing global community.

We keep an open mind to new perspectives and look ahead to gain new insights. Our natural curiosity on challenges and routine thinking keeps us focused on growth and development.

Fuelled by a well qualified and competent staff, pupils will find here a wide range of activities and interests and a spirit of excitement.

Endless opportunities to grow, learn and imagine – whether it is building a spaceship to blast off to Mars or inviting a new friend to share a story during group time.

Student achievement is inspired through the celebration of achievements within the school and community.

Student learning is encouraged through a spirit of enquiry and competition.

Student growth is promoted through inculcating team-spirit, career guidance and counseling.

Student progress is facilitated through a mature and mutually benefitting school – parent relationship.

A kaleidoscope of extra-curricular activities, support the education programme of the institution to create the ultimate BIKH product- strong confident individuals and active life-long learners.

KIDS HIGH CURRICULUM TO NURTURE THE BODY, MIND AND SPIRIT

The CBSE envisions a robust, vibrant and holistic school education that will engender excellence in every sphere of human endeavour. It also promotes the natural ability of children to learn through development of their cognitive and thinking skills. At the heart of every BIKH is the learning experience which appreciates and understands the complexity, sensitivity and seriousness of educating children. We continuously seek to identify and develop each child's unique individual abilities through a rigorous, yet child – friendly and child – centered, academic and co-curricular programme.

Teachers at BIKH are not committed to effective classroom teaching but they go beyond and become guides and mentors to students. It is our endeavor to foster independent thinking, exploration and experimentation as a lifelong learning process. We wish to develop in each a mastery of skills of communication, the ability to think clearly, logically and independently and understand and appreciate our rich culture, ideas and practices. E – learning will be an integral part of the BIKH curriculum. IT plays an important role in providing a modern environment for children to learn and grow, to ensure this a network of computers on campus will be provided which will be easily accessible to every individual.

BEYOND ACADEMIA

A healthy body and mind that can appreciate nuances of aesthetics in nature and diverse human activity is the sine qua non for becoming a balanced human being.

To facilitate this, the school's calendar contains a host of co-curricular activities that cover a very wide spectrum.

Students are provided all opportunities for honing their co-curricular inclinations through sports, performing and visual arts, oratory and other creative pursuits.

Children are exposed to real world experience through interactions with the community, trips and excursions to places of historical and social importance and by getting them to interact with experts and resource persons from various fields.

Our comprehensive sports arena encourages participation in various outdoor activities fostering team spirit, loyalty and unity - the essential components of the learning process.

Efforts are made to ensure that all students start conversing in English as early as possible. To improve communication skills, students are given every opportunity to participate in competition for passages, poems, scriptures, extempore speeches, quizzes etc. in English. It is our earnest desire to provide bilingual programs and exposure to learn foreign languages too.

“We need to teach the next generation of children from day one that they are responsible for their lives.”

ON-CAMPUS & OFF-CAMPUS INITIATIVES

Learning is a continuous process and it cannot be restricted to the confines of an institution. We encourage children to look at learning beyond their classrooms, develop a thirst for knowledge and a passion for excellence.

There is no better teacher than nature. Students are encouraged to ask questions because we believe that a curious mind is the receptacle of learning.

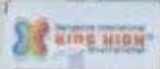

WHY SHOULD I ENTRUST MY CHILD TO BIKH ?

The school provides world class facilities to students, their parents and the team members. All the class rooms in the school are technology enabled classrooms with smart boards installed in it. We follow the thematic study pattern to make the students learn through activities rather than by rote learning.

We maintain a competitive student teacher ratio to attain a personal attention to each and every student.

Child Care Safety, Health & Security

KIDS HIGH cares for your child like you would.

Education and development are important, but we know that nothing matters more than the safety, security and health of your child. That's why protection and preparedness are critical considerations in everything we do at KIDS HIGH.

From first aid training for emergency situations to sanitation and ensuring a clean and healthy environment for children, our KIDS HIGH vans and buses used for transportation are all designed with the safety and security of children in mind. Although scraped knees are a part of growing up, you can have confidence that your child is cared for in a secure and nurturing environment every day.

How We Ensure Health and Safety at KIDS HIGH

TRANSPORTATION

KIDS HIGH has specially designed buses that ensures the safety of your child.

KIDS HIGH drivers undergo stringent testing and are trained in defensive driving skills.

All KIDS HIGH Buses have Vehicle Tracking System Technology (GPS).

KIDS POOL

KIDS HIGH specializes in teaching children to swim from day one. Our professionally well trained instructors are experts in our proprietary curriculum.

KIDS HIGH Insures Warm water, Highly trained adult staff, Play based structured curriculum and Small class size.

PLAYGROUNDS

Our high-quality playground equipment is safe, sturdy and tested monthly by our facility technicians to ensure it is secure and in good working order. We have safe fall zones with soft landing areas if your child takes a tumble. All outside play areas are wrapped in secure fencing.

WELLNESS

We assess every child's health by talking with parents and monitoring for symptoms during the course of each child's day with us; we increase assessment during flu season. We notify parents when a child does not feel well to help prevent an illness from spreading.

SANITATION

We clean our centers each day with safe, non-toxic cleaning products. Our floors are cleaned by certified cleaning vendors. Cleaning supplies are locked safely out of reach of children. While other child care providers clean toys each evening, KIDS HIGH sanitizes toys throughout the day to help prevent the spread of germs.

We encourage children to wash their hands throughout the day by singing songs and teaching lessons about health and hygiene. We have separate diaper changing rooms.

MEDICATIONS

We have strict policies for administering medication to your child to ensure they are protected.

Based on new research about healthy practices for infants and toddlers, we require a doctor's note for any medication, prescription or over the counter given to a child under 2 years to ensure safety.

Medications are stored securely out of the reach of children.

SECURITY

Our center is secured so that only authorized staff and families may enter. Safe and secure perimeters ensure that children can enjoy outdoor play safely.

We use safety gates, window guards (except fire escapes) and cap electrical outlets.

Our center includes smoke detectors and fire extinguishers.

KIDS HIGH is under surveillance 24x7 in class rooms, halls, play area and kids play pool.

QUALIFICATIONS

We have dedicated and friendly caregivers who are trained in child development and early-childhood education or a related field.

We conduct criminal background checks to ensure trustworthy staff and passionate teachers provide the best care and education to your child.

Our staff and teachers are trained in first aid and CPR.

EMERGENCIES

We are serious about training for earthquakes, fires and lockdown situations.

We have an emergency evacuation plan.

We don't just have a plan, we regularly test and train so our people are ready.

We also have a fully equipped recovery room with well trained staff.

We associate with nearby hospitals for any emergencies.
